

Mesh panel Contour

X-Guard mesh panel Contour has rounded corners, making it not only the perfect solution for confined but also sleek in design. These panels come in four heights and 90° angle. The mesh requires a minimum safety distance of 200 mm. All panels have a 30x20 mm frame with factory-fixed brackets to facilitate assembly.

The mesh consists of vertical wires of \varnothing 3 mm and horizontal wires of \varnothing 2.5 mm.

The standard panel colour is black (RAL 9011) but customised colours are available upon request.
