

X-Protect Column Guard

Use the X-Protect Column Guard when you need to protect the columns in your facility from impact damage. The unique design features specially formed air channels that effectively dissipate impact forces.

The interlocking sections are modular which makes the Column Guard easy to install and guarantees a tight fit to all sides of the column to save space. Finish off the installation with adjustable straps to keep the guard secure.

X-Protect is a unique approach to safety barriers. Unrivalled modularity, using only a few system components and damping that is built in to create a barrier system that changes with your work place. X-Protect allows rapid transformation, repair or replacement of existing barriers and bespoke configurations are limitless.
