Solid (FK)

It is in the details that quality comes to the fore. Our FK storeroom system has a heavy duty tubular design for both its doors and walls, which makes the system secure and stable. Try combining FK with partitions from our F-system, the results are often really impressive.

- Extra robust tubular construction in both doors and walls.
- Can be combined with the F and FP systems.
- Can be cut to suit existing construction.
- Can be supplied with a roof for ceiling heights exceeding 3.5 metres.
- The walls are painted in RAL 9018.

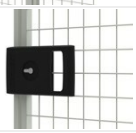

Product	Size (mm)	Description
Vertical tubes	30x20	Tubular steel frame, wall
Horizontal tubes	35x15	Tubular steel frame, wall
Vertical tubes	30x20	Tubular steel frame, door
