Product information

» Storeroom wall type FK

STOREROOM WALL FK · SCANDINAVIA'S MOST POPULAR

It is in the details that quality comes to the fore. Our FK storeroom system has a heavy duty tubular design for both its doors and walls, which makes the system secure and stable. Try combining FK with partitions from our F-system, the results are often really impressive.

When you set high demands on safety and stability

Did you know that ..

- With extra robust tubular construction in both doors and walls.
- · Can be combined with F and FP.
- · Can be cut to suit existing construction.
- We have the ability to build topsection/ roof
- The walls are painted in RAL 9018.
- Accessories, see homepage.

Storeroom wall F, FK+ and FP is available as an option, if you wish, contact customer support for update offer!

All our systems can be combined!
