Handrail

Available in length to fit panels with the width 1000 mm and 1500 mm. For other widths of panels, the handrail needs to be adjusted in length by being cut in place during assembly. Brackets for placement in keyholes are a standard default but if free placement is needed there is a seperated article number.

The standard colour is RAL 9011 (only available in this color).

Models

ARTICLES / DESCRIPTION	
	G2528-107-3 Handrail L=1070 mm, RAL 9011
