Posts prepared for push buttons

The Classic 50x50 and Premium 70x70 mm posts, designed for up to five push buttons, offer a blend of functionality and safety with their protective cover plates, catering to needs for easy handling and tidy installations in varying heights.

The Classic 50x50 and Premium 70x70 posts, both available in heights of 2000, 2300 and 2500 mm, are designed to accommodate up to five push buttons (not included) for enhanced usability and a neat installation.

These posts feature a standard design that simplifies handling and maintains a clean appearance. Each is equipped with a cover plate that serves as a protective guard against accidental activation, ensuring both functionality and safety in their application. With their versatile dimensions and thoughtful design, these posts provide a practical solution for integrating control elements into various settings.
