Post Lite 50x50mm

The post for X-Guard Lite is 50x50 mm and available in three heights. The standard colour is yellow (RAL 1018) but customised colours are available upon request.

The X-Guard Post Lite is a durable and practical solution for secure machine guarding installations. With a standardized size of 50x50 mm, it is designed for easy integration into various industrial environments. Available in three heights—1400 mm, 2000 mm, and 2300 mm—the Post Lite offers flexibility to meet different safety requirements.

To ensure stability and ease of installation, the post features pre-punched holes on three sides, allowing for quick and secure panel mounting. A 100 mm floor gap is maintained for optimized functionality, and each post comes with top plugs and expansion bolts for secure floor fixing.

Standard color options include Zinc Yellow (RAL 1018), Graphite Black (RAL 9011), and Traffic Red (RAL 3020), with customized colors available upon request. Designed for both efficiency and safety, the X-Guard Post Lite is the ideal choice for streamlined and effective machine guarding.
